

To whom it might concern,

this is to inform customers that Firebird USA LLC, after requests and talks with some European Parachuting Organizations, decided to remove the existing 15 years lifetime limitation on its

- V1R1-O-01()-R01 () Harness Container **EVO version only**, *not Omega VII*
- RUSH R01 Reserve parachute

products that were manufactured by Firebird GmbH under their ETSO certification 21O.459 from 2006.

These products will have to be deemed airworthy according to the respective national rules for parachuting equipment by nationally certified riggers.

After these initial 15 years, the responsibility will be transferred to the certified rigger that can sign off on the continuous airworthiness of the product at each repack cycle. Please refer to your national competent authority for additional information on the national rules and laws.

THIS DOES NOT PERTAIN TO THE OMEGA H/C, OMEGA VII, QUICK RESERVES NOR OMEGA TD400 TANDEM SYSTEM.

A handwritten signature in black ink, appearing to read "Georges Reuter", with a long horizontal line extending to the right.
